“WEDDING A LA CARTE” AT TREASURE ISLAND MAKES CUSTOM CEREMONY SIMPLE AS SAYING “I DO”

New Budget-Friendly Package Allows Couples to Wed Their Way

LAS VEGAS – Couples looking to tie the knot in Las Vegas now have a way to personalize their ceremony without spending a pretty penny on a pricey wedding planner. The new “Wedding a la Carte” package at The Wedding Chapel at Treasure Island offers couples a distinctly unique experience for virtually any budget.

Starting at just \$200 for the basic package, the “Wedding a la Carte” menu options can be added and combined to create a completely customizable nuptial or commitment ceremony, providing an alternative to the standard pre-built wedding package. The “Wedding a la Carte” package also comes with a wedding coordinator to assist couples as they choose the services that best fit their budget and style.

Each couple’s special day includes a romantic 15-minute ceremony conducted by a non-denominational minister. Brides and grooms are ushered in with classic musical accompaniment, setting the mood for one of the most memorable days of their lives.

From there, possibilities abound with the “Wedding a la Carte” menu. Couples looking for a traditional wedding complete with keepsakes, bridal bouquet and a DVD of the ceremony will be just as satisfied as those seeking a more contemporary take with options like his and her robes, a bottle of bubbly and a suite in which to celebrate. If having a private dressing room in which to get ready makes the bride and groom’s wish list, it’s on the list. However, if the happy couple would rather spend their cash on a limo to whisk them to the courthouse in style the “Wedding a la Carte” menu has that covered as well.

“The beauty of our new ‘Wedding a la Carte’ menu is that couples get exactly the wedding they want without paying for any of the services they don’t,” said TI catering and wedding chapel director Dabney Bradley. “For those who prefer a preset package, we still have many choices. But this new menu gives couples the opportunity to mix options for their perfect match.”

Since a blissful wedding should be shared, The Wedding Chapel at TI offers the couple a chance to bring this momentous occasion to friends and family around the world. By adding a DVD and the chapel’s live wedding feature to the tailor-made ceremony, loved ones not able to attend can witness all the joy of the blessed union live on the Internet.

After being united in holy matrimony, newlyweds can cross the threshold into one of the recently remodeled rooms at TI and get away for some well-deserved private time. The resort’s new rooms feature a chic design with contemporary furniture, fresh tones and plush surroundings, creating the perfect ambiance for a romantic evening of wedded bliss.

For booking information, contact The Wedding Chapel at TI at (702) 894-7700 or (888) 818-0999 or visit www.treasureisland.com.
